RIGID LIGHTWEIGHT FRAME

Whites Framed Panels are a steel square-tubed framed wire mesh panel, which comes in 2 sizes.

The rigid frame houses 3mm wires with 50mm x 50mm aperture. It is DIY friendly, no welding required.

With its all-in-one self-supporting construction, it's easy to use and build with and is versatile for the following uses:

- climbing plant trainers in the garden
- box trailer cages and hanging tools in the shed
- quick animal cages and much more
