

HandyPak Tie Wires

Fencing Solutions / Tie Wire

- Standard coil with colour coded labels
- Lightweight and easy to handle at around 0.5kg
- Most popular tie wire finish
- Soft and easy to use
- Galvanised to resist corrosion

EASY TO USE 0.5KG COIL

Whites Handypak tie wires are wound into a standard coil. At 0.5kg the packs are lightweight and easy to handle.

These are available in five popular, colour coded tie wire sizes:

- Purple - 0.70mm wire diameter in 75m length for hobby, toys and flower arrangements
- Yellow - 0.90mm wire diameter in 75m length for hobby and garden work
- Red - 1.25mm wire diameter in 50m length for light tying jobs, trellis and garden use
- Blue - 1.57mm wire diameter in 30m length for netting to line wires, plant support and lacing wires
- Green - 2.00mm wire diameter in 20m length for heavy tie wire and hinged joint to posts
