

## Insect Resistant Grow Tunnel

### Outdoor Essentials / Pest Deterrents

- Filters sunlight, allows air/rainwater to pass through
- Easy DIY installation
- Protects plants against pests etc.

## ORGANIC AND CHEMICAL-FREE GARDENING

Whites Insect Resistant Grow Tunnel filters sunlight, allows air and rainwater to pass through while also protecting plants against insects, birds, animals, pests and harsh weather.

It features an easy-to-install transparent fine mesh cover that can simply be lifted for easy access to your plants.

Ideal for leaf vegetables, strawberries and early season tomatoes, the kit includes:

- 5 arch support sections
- 1.5m x 5m\* fine mesh cover
- 10 cover clips
- 2 ground pegs

\* Measurement of fabric when laid flat

Code	Product Description	Fabric Size
