

Interlocking Steel Edging Strip

Garden Edging / Edging Panels

- Made from high-strength galvanised steel
- Fits different garden angles & curves
- Unique in-built interlocking system

FOR CONTEMPORARY STYLE

Whites Interlocking Steel Edging Strip is a decorative, modular panel ideal for flower beds along paths, driveways and in backyards. The modern steel finish adds contemporary style to any garden.

Easy to install:

- follow the installation instructions on the pack (also in the image bar above)
- the unique in-built interlocking system means you can add extra panels in straight runs, angles and even curves
