DECORATIVE SCREEN WITH NATURAL EARTHY TONES

Bring new life and a touch of zen to your outdoors.

Whites Oxy-Shield Montage Decorative Steel Trellis adds modern style to your outdoors with a decorative garden feature.

Oxy-Shield is a specially formulated landscaping steel designed to impart a decorative rust-look without the inherent degradation of regular steel. With similar properties to Stainless Steel, Oxy-Shield will oxidise and form a surface coating that is resistant to corrosion and flaking.

Rustic tones will further develop and enhance over time; to accelerate the effect, spray regularly with a fine mist of water. With a rich, earthy patina - a favourite amongst landscapers, it blends effortlessly into any backyard or courtyard setting.

Code	Product Description	Size
18467	Oxy-Shield Montage Decorative Steel Trellis (includes 4 hanging brackets)	1.8m x 0.9m

Handy Hints:

- Position carefully - Screen should not come into contact with aluminium or zinc products. Rust run-off can stain surrounding areas.
- Plant safe - Rust run-off will not harm plants but it is always best practice to wash edible crops before eating.
- Beware of sharp edges - Always wear gloves to avoid cuts and abrasions.
