

Screen Mesh

Fencing Solutions / Garden & Trellis Mesh

- Strong, decorative mesh
- Ideal barrier protects what's inside and deters pests outside
- Crimp design – can be pulled tight for greater rigidity
- Smooth PE coating easy on the hands

FOR SCREENING, DECKS AND FENCING

Whites Screen Mesh is ideal for use as a barrier, trellis or garden fence. It's green coating protects the wire and blends into most gardens.

The 50 x 100mm aperture will keep out stray tennis balls and pests, while keeping in and protecting your screened area.

The decorative crimp design gives the wire greater rigidity and means you can pull the mesh tight without over-tensioning the wires. Manufactured from polyethylene (PE) coated galvanised wire, the smooth coating is easy to work with, and easy on your hands.

It comes standard in 30m packs, and is also available in a convenient 10m pack for smaller jobs.

Code	Product Description	Height cm	Length m	Aperture mm	Wire Dia. O.D. mm
21785	Screen Mesh HandyPak	100	10	50 x 100	2.30
21784	Screen Mesh	100	30	50 x 100	2.30
