

Steel Edging Stake

Garden Edging / Edging Pegs & Stakes

- Flat top makes it easy to drive in and to remove
- Long-lasting, high tensile Galvanised steel
- Hole on top for screw or nail fixing

SECURE GARDEN EDGES, FORMWORK AND TENT GUYS

Whites Edging Stakes are ideal for securing garden edges, formwork and tent guys. The unique 'V' shape helps to resist bending, the flat top allows for easy driving and removal and the hole on the top enables easy screw or nail fixing.

It is made from high tensile Galvanised steel, for longer life and maximum corrosion resistance.
