

Tomato Mesh

Fencing Solutions / Garden & Trellis Mesh

- Large 150mm aperture for easy access to fruit
- Ideal for growing tomatoes or use as a general trellis
- No need to tie plants

ALLOWS TOMATO BUSHES TO GROW NATURALLY

Whites Tomato Mesh allows tomato bushes to grow naturally. The large 150mm square aperture provides easy access to fruit, prevents rotting and there is no need for tying.

Manufactured from galvanised wire, it can also be used as a Trellis for climbing plants.

Code	Product Description	Height cm	Lenght m	Aperture mm	Wire Dia. mm
21445	Tomato Mesh	120	10	150 x 150	2.50

Handy Hint:

- Tomato frames are self-supporting. Simply form a ring around the plant and grow your tomato plant through the ring's centre. As a guide, a 10m roll of Tomato Mesh will make 7-8 tomato frames.
