

Tree Tubes

Outdoor Essentials / Landscaper's Materials

- Protect small plants and saplings
- Available in clear and mesh styles
- Long-lasting and UV stabilised

PROTECT PLANTS FROM DAMAGE

Whites Tree Tubes are ideal in protecting small plants and saplings.

Clear Protective Tree Tubes protect plants from wind and frost; increase humidity and light; and shield plants from animal and pests.

Black Mesh Tree Tubes protect plants from damage; ideal for tube stock; and allow plants to breathe.

Install using plant stakes (not included).
